Product Description

Velcro frame exercise in Montessori practical life consists of a wooden frame with cloth flaps with velcro attached at the end of the flaps. The cloth used in velcro frame is cotton mounted on the wooden frame. It is completely child proof and easy to use, along with durable and designed for children's rough use.

Purpose

- To help eye-hand co-ordination
- To enhance concentration and motor skills.
- To develop independence, control, and strengthening of fingers

Exercise

- Demonstrate the exercise by starting with placing the velcro frame on the mat
- Using your thumb and index finger, gently pull the flap of one side from the end and place it on the side.
- Similarly, pull the opposite side flap and place it on the other side.
- Gently pick the strap and place it on one side, and pick the opposite side's flap and place it on the opposite side.
- Continuing with closing of the flaps. First pick up a side's flap and close it.
- Now, pick up the opposite side flap and place right beside it indicating closed.
- Pick the top velcro strap and insert in the eye of the opposite side's flap.
- Gently pull and tighten the flap and press the end indicating the flaps are connected and

attached.

- Repeat the activity with the other flaps and straps.
- Allow the child to do the activity in front of you once so you can monitor their movements.
- Encourage the child to do the activity individually. Assist only when it is necessary.

Why to buy from us?

Sustainable Wood

All our products are made from sustainable wood.

Handcrafted

All our products are handcrafted by our talented artisans.

Non-Toxic Paint

Safety of kids using our products is our top priority thus we only use non-toxic paint.

Made In India

All our products are made in India by talented Indian craftsman.

EN71 and ASTM F963 Certified

All our products comply EN71 and ASTM F963 standards.

Turn Key Solutions

We offer turn key solutions to meet various needs of schools.
